

# THE BERRIEN COUNTY REPUBLICAN WOMEN'S CLUB

## Membership Registration for 2021

Please join the BCRWC for 2021 in support of our community outreach activities. What a year it has been!

*Here's what is happening*.....The consensus of the Executive Committee is to not ask for an increase in dues for this year. The \$30 collected for dues will keep us in good standing as a club with the State and National Federations. We will work with what we currently have in the treasury and with donations received to fulfill, as best we can, those activities which will be an option. We will not be able to hold a general meeting just yet and will consider whether it is a reasonable activity for later. For now, we will concentrate on trying to do a scholarship and the dictionary project. Those are typically summer and fall projects. Our standard annual activities are listed below:

### *Community Outreach Activities:*

**Scholarship**—Annual scholarship to graduating senior or college attendee.

**Literacy Project/Dictionary Distributions**—Annual distribution by members to third-grade students throughout selected Berrien County schools

**Government Day Student Sponsorships**—High school student representatives and sponsors are guests for the annual Government Day luncheon and speaker.

**Berrien County Youth Fair**—Trophy sponsorships for Home Economics Building sewing category

**GOP Building at Youth Fair**—Women's Club display and drawings

**Support for Activities of the BC GOP** (A separate organization with separate dues)

*More Information* . . . . Thanks to all who support our community activities by becoming a member and to those who donate additional funds. Executive committee meetings are on hold right now with communication being by phone or email. As a member, you will receive newsletters that will keep you updated on club news and activities.

**Please join us for 2021!**
